Experienced Zoom Moderator adept at facilitating online events, meetings, and webinars. Skilled in managing technical aspects, engaging participants, and upholding event guidelines. Seeking opportunities to enhance virtual events and participant experience.

Projects

College Management System
- I created a College Management System using Python, Tkinter, and SQLite to automate administrative tasks. It included student management, course scheduling, attendance tracking, grade calculation, and reporting. I played a key role in design, implementation, and testing for a user-friendly system.
- Technologies/Tools Used: Python, Tkinter, SQLite, SQL, GUI design, Object-Oriented Programming.

Soft Skills

Organization and Attention to Detail, Technical Proficiency, Event Coordination, Problem Management

Hard Skills

Python, SQL, HTML & CSS, Tkinter, C/C++.
